BUILDING YOUR CHILD'S VOCABULARY AT HOME: EXPLICIT VOCABULARY FAMILIES - OCTOBER 10, 2023

This session is presented through a partnership of the Capital District School Age FACE Center and the Capital District/North Country Early Childhood FACE Center for parents who are interested in learning strategies that any family can use to support early reading skills at home. Turn the everyday activities you already do with your young children into extra supports for their reading and vocabulary development. The more they hear it, the more they learn! This session is intended for family members with preschool and elementary school age children.

For questions **about registration** please contact Dawn Rettig drettig@measinc.com or 518-427-9840 ext. 201.

For **other questions**, please contact Katie Pincher kpincher@measinc.com or 518-427-9840 ext. 207.
